<i>2008</i>	<i>3%</i>

3. The Company will review the objectives used in the determination of the award with the Union at the Executive Level.

CALL SAMPLING

(Except Large Business, CPE, *Consumer Services, Finance, Operator Services* and *Small Business Services*)

Sampling of service, used in the spirit of trust and respect, is a valuable tool to enhance customer service. To assure courteous treatment, accurate information and superior service, customer calls may be monitored to assist in the training, development and evaluation of employees, the identification of customer needs and to evaluate products and service.

Individual Call Sampling

Individual call sampling will not be used to harass an individual or group of employees, nor will it be used to create an atmosphere of pressure in the work environment. In departments where such sampling is conducted, trained Company management observers will perform it. When individual call sampling, defined as sampling which targets or is directed at a specific employee, takes place, employees will be given prior notification the day sampling occurs. Each employee will have the option of side-by-side or remote call sampling. All remote, individual call sampling will be taken from within the general work area, defined as the same building, of the employee being observed and a light turned on when individual, remote call sampling is being conducted.

Feedback of all calls sampled will be provided to the employee by the end of the day in which the calls were observed, unless prevented by employee initiated absence. Such feedback should be constructive, with emphasis on the positive aspects of the employee's performance. Feedback may be conducted away from the employee's workstation. Any time the feedback discussion is expected to include information which may require extensive dialog between the observer and the employee, arrangements should be made to conduct the feedback away from the employee's workstation. In addition, employees may request that feedback be given in a remote location.

Process Call Sampling

Process call sampling, defined as any sampling other than individual call sampling, may be done from remote locations. Since process call sampling is not employee specific, the notification and remote/side-by-side option associated with individual call sampling will not be provided. Employees will not be evaluated or appraised on process call samplings.

Results of process call samples will normally only be provided at the work unit level except for gross customer abuse, fraud, and violation of secrecy of communications. Employees may request individual feedback, if available, by advising their supervisor. The Company shall remove any details which would allow identification of individual employees from official observing reports.

Employees will not be disciplined as a result of process call sampling on the 1st occurrence. If, within 18 months, subsequent incidents of gross customer abuse, fraud, or violation of secrecy of communications are observed and the employee can be identified, it will be formally documented and action taken if warranted.

The Company will continue to comply with any applicable laws regarding service monitoring or observation.

General

Personal calls made on either telephones provided for personal use of employees or at employees' workstations will not be subject to supervisory observing. This is not to be construed as influencing present or future practices as to the making of such calls from employees' workstations. Speaker phones will be prohibited. Test calls will be for diagnostic purposes only.

This agreement does not restrict the Union's right of representation, including the processing of grievances and engaging in arbitration.

CONTINUOUS BARGAINING COMMITTEE

The parties agree to maintain the Continuous Bargaining Committee for the duration of this agreement. This committee will build on the structure and joint problem solving methods used in prior sessions. It will meet as needed, by mutual agreement.

The committee will be comprised of six regular members, three Company and three Union, chaired by the respective collective bargaining agents. If mutually agreed, both the Company and the Union may select up to an additional three members in order to best resolve the issues at hand. The Continuous Bargaining Committee may discuss any topic that is a subject of collective bargaining. The parties agree, however, that modifications to the Working Agreement will require the normal method of implementing the changes through Memoranda of Agreement or through ratification. By way of example, such topics could include:

- Issues identified but not resolved during previous formal contract negotiations
- Issues that need to be addressed before the next scheduled contract negotiations
- Proposals from employee participative groups that require negotiation of an agreement
- Establishment of joint task forces, as needed, to develop mutual solutions

The parties affirm that the Continuous Bargaining Committee will conduct its meetings to solve problems and will promote continual improvement in collective bargaining.

EASY TIME

Consumer Services and Consumer Collections in Finance

This agreement between the Communications Workers of America (CWA) and BellSouth Telecommunications (BST) outlines the understanding reached by the parties in regard to the implementation of Easy Time (ET).

This agreement allows the ET plan to cover all Service Representatives, Sales Associates and Office Assistants in **Consumer and Consumer Collections Representatives and Consumer Collections Office Assistants in Finance**.

Purpose of Easy Time:

Provide employees with greater flexibility and control of time off needed as a result of personal and/or family obligations.

Guidelines:

- Fifteen-minute increments of time, up to two full vacation days, are available to employees for personal and/or family obligations.
- ***Only one vacation day may be utilized as Easy Time during the first quarter of the calendar year.***
- An increment may be taken provided not more than 25% of the work group has already been granted time off. In the event more than 25% of the work group is scheduled off, then the time may be granted consistent with the needs of the business.
- Employee will advise supervisor or in-charge personnel that ET is needed. No justification is required.
- Holidays, ***the day following a Holiday, Saturdays*** and Mondays are not available for ET use.

- ET can be used after the fact, but the employee MUST notify the supervisor or in-charge personnel during the first session of the scheduled tour and the 25% rule will still apply.
- ET is not an option available for use for the employee's personal illness.
- Employees will be required to identify the scheduled vacation day from which ET will be deducted. Once a whole day is broken with ET, that day must be used in its entirety before another day is broken.
- ET cannot be denied (except for the limits of the 25% rule) and no reason has to be given by the employee for ET. Other time off could be denied due to service requirements, while ET was granted. If other time off is unavailable, the request can be changed to ET and may be granted subject to the 25% rule.

Omission:

The parties have attempted to include all issues associated with the Easy Time (ET) program. To the extent a situation arises that was not contemplated by the parties, it is agreed to initiate discussion at the Executive Level in an effort to resolve such matters.

Duration:

Easy Time will continue for the life of the *2004* Working Agreement.

Internal candidates will be selected through current contract selection procedures and their participation in the program is viewed by both the Company and the Union as a key component in the success of this program.

Terms and conditions of this program are to be jointly agreed to by both parties before implementation.

The Company and the Union agree that it is in the best interests of the parties to commit to certain provisions that will improve the overtime situation. Therefore, the Company and the Union agree to the following in order to address the issues of forced overtime.

- When overtime is necessary, volunteers will be solicited prior to forcing overtime.
- Service conditions may, at times, necessitate involuntary overtime assignments.
- No employee will be required to work more than 2 consecutive 6th days without his/her consent.
- Employees will not be forced to work more than 49 hours in a work week.
- Employees will provide written notification to the Company regarding their preferences for overtime assignments.
- Each employee will complete and present to his/her supervisor a form, designated by the Company, indicating whether he/she desires to work the following types of overtime assignments:

 4. 6th day (more than 2 consecutive weeks)
 5. No voluntary overtime

- Overtime will be assigned on the following basis until overtime requirements are satisfied:
 1. Connecting overtime will first be offered to on-duty employees (or those present but not yet on duty) who have expressed a desire for connecting overtime in inverse order of appearance on the *posted* overtime report.
 2. Employees not on duty who have expressed a preference for non-scheduled, non-connecting overtime:
 - will be offered the assignment *if the overtime is equal to or greater than 3 hours*

 3. On-duty employees will be assigned connecting overtime in inverse order of seniority regardless of preference.
 4. Off-duty employees will be assigned non-scheduled, non-connecting overtime in inverse order of seniority regardless of preference.

Employees who are on vacation for one or more full weeks will be considered as unavailable beginning with Sunday of the first week and ending with Saturday of the last week. Employees who are on vacation for less than a week will be considered as unavailable on the day(s) they are on vacation.

OVERTIME TRIALS

During 2001 bargaining, the Company and the Union discussed numerous issues related to overtime. Both parties agree that it is in their best interest to improve the administration of overtime. Accordingly, the Company and the Union agree to nurture innovative grassroots efforts that encourage simplification and easier administration of overtime. Prior to any trial being implemented, the parties at the Executive Level must agree on the trial parameters. Furthermore, agreement on such trials must be reached between the Local President and the Operations Manager prior to implementation.

During the trials, the pay provisions of the Working Agreement will not be altered. Recommendations resulting from such trials will be discussed by the Operations Board.

SERVICE OBSERVING

(Consumer Services, Finance and Small Business Services)

Service observing, used in the spirit of trust and respect, is a valuable tool to enhance customer service. To assure courteous treatment, accurate information and superior service, customer calls may be observed to assist in the training and development of employees, the identification of customer needs and to evaluate products and service.

Service observing will be used for non-evaluative purposes. It will not be used to harass an individual or group of employees, nor will it be used to create an atmosphere of pressure in the work environment. Feedback of all calls observed will be provided to the employee by the end of the next business day, unless prevented by employee-initiated absence. Supervisors will provide developmental feedback on no more than twenty-five (25) remote observations monthly for any individual employee. Such feedback will be constructive with emphasis on the positive aspects of the employee's performance. Feedback may be conducted away from the employee's workstation. Any time the feedback discussion is expected to include information which may require extensive dialog between the observer and the employee, arrangements should be made to conduct the feedback away from the employee's workstation.

When service observing uncovers any incident of gross customer abuse, fraud, non-compliance with any applicable legal or regulatory requirements, or violation of secrecy of communications, action may result. Employees will not be disciplined for customer abuse, non-compliance with any applicable legal or regulatory requirements or violation of secrecy of communications on the first occurrence. If action is taken as a result of remote service observing, appropriate documentation of the incident is necessary to support the action administered.

General

The Company will comply with any applicable laws regarding service observing.

Personal calls made on either telephones provided for personal use of employees or at employee's workstation will not be subject to supervisory observing. This is not to be construed as influencing present or future practices as to the making of such calls from employees' workstations.

This agreement does not restrict the Union's right of representation, including the processing of grievances and engaging in arbitration.

SERVICE REQUIREMENTS

Dear Ms. Hicks:

During 2001 bargaining, the CWA expressed concern that some managers continue to use the term "service requirements" in administering various sections of the Working Agreement. The CWA felt that some managers were too restrictive in scheduling and granting time off and were incorrectly using service requirements as the reason. The Company and the CWA also discussed the need to continue to provide our customers with excellent service and are fully aware that good customer service is an important competitive advantage to our Company.

The Company recognizes the need for our managers to exercise "service requirements" in a spirit of good faith. While service to our customers is more important than ever, we must carefully consider the needs of our employees and the economical operation of the business before invoking "service requirements".

SIMPLIFIED CONTRACT LANGUAGE

The Company and the Union agree that many provisions of the current Working Agreement are confusing and difficult to interpret. Therefore, we agree that during the life of this Agreement we will initiate an effort to simplify the language in such a manner as not to change the intent and meaning of any provision. Any recommended changes will be submitted to the Continuous Bargaining Committee for consideration.

TELECOMMUTING

The Company and the Union recognize the challenge that each employee faces as workplace demands, career objectives, family needs and personal goals compete for time and attention. Telecommuting is a possible resource to help meet those challenges as well as addressing environmental concerns. In addition, telecommuting affords the Company the opportunity to demonstrate to its current and potential customers the benefits of adopting new and evolving technologies, including remote worker applications.

Telecommuting is an alternative work arrangement that may provide increased flexibility where work content does not require that a particular job function be done totally at a specific job site. The criteria for telecommuting will be developed by the Company and the Union at the Executive Level prior to implementation.

The selections of employees who volunteer for telecommuting opportunities will be by seniority if all criteria qualifications are equal and the necessary qualifications of the individuals are equal. Employees or the Company may opt out of a telecommuting work arrangement after 30 days or immediately in emergency situations.
